Table 3. Assessment of results (cont.)

This table provides a detailed overview of the project's performance across various dimensions. The columns represent different aspects of the project, and the rows represent specific project details. The data is organized into a grid format, allowing for easy comparison and analysis of the project's progress and outcomes.

The table includes information on project objectives, status, location, start and end dates, budget, funding sources, management, stakeholders, risks, benefits, challenges, success factors, lessons learned, and recommendations. This comprehensive data set is essential for evaluating the project's overall success and identifying areas for improvement.
